APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source and particularly subject to such right as may be held under certificate No. 81, Book 2, issued under proof of appropriation No. 01143. A substantial headgate and weir must be installed and maintained at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that the applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.15 cubic feet per second.

Actual construction work shall begin on or before April 9, 1921.

Proof of commencement of work shall be filed before May 9, 1921.

Work must be prosecuted with reasonable diligence and be completed on or before July 9, 1921.

Proof of completion of work shall be filed before August 9, 1921.

Application of water to beneficial use shall be made on or before January 9, 1923. Proof of the application of water to beneficial use must be filed with State Engineer on or before February 9, 1923.

WITNESS MY HAND AND SEAL this 9th day

Cancelled October 5, 1922 because of failure of January, 1921
